# Message from the President

Dear graduating class,

On behalf of the Bow Valley College community, congratulations!

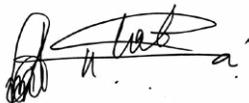

Convocation is a significant achievement, celebrating your tremendous resilience and your abiding commitment to yourself and others. By challenging your thinking, you gained the work-ready skills, interpersonal competencies, and focused discipline necessary to contribute to our communities and economy.

During your time at Bow Valley College, and with the support of your peers, instructors, employees, and others, you made your learning count. Take a moment to reflect on the support and encouragement you received from others along your journey. They encouraged you to be your best, and they are excited for what you will accomplish next.

As members of this graduating class, you have contributed greatly to a community of excellence during your time at Bow Valley College. As you embark, know that you never truly leave Bow Valley College behind. We have been here for each other, and we will continue to be here to help you reach the future you want. A Bow Valley College education opens doors for your future, providing new opportunities toward achieving your goals. The world you are going into demands life-long learning, and Bow Valley College will always be here when you need us.

Congratulations once again on your achievement. You have worked hard, and we are confident that you will achieve great things in your future. Our communities and our industries are eager for you to make your mark. Good luck!

Sincerely,

**Dr. Misheck Mwaba, P.Eng.**

President and CEO

# Honorary Diploma Recipient

**Linda Stanger, Former CEO (retired),  
College of Licensed Practical Nurses of Alberta**

Linda Stanger spent her career as a nurse, a leader, a developer, and a champion of the licensed practical nurse (LPN) profession. Always a believer in collaborative practice, Linda focused considerable effort on creating high functioning teams that included and were often led by LPNs. Throughout her 46-year career working with leaders in practice, research, education, and regulation, Linda realized her vision of LPNs working to the full extent of their competence, making a difference in health care education and service delivery in Alberta and nationwide.

A changemaker in the LPN world, Linda was actively involved in influencing nursing regulation in Alberta, Canada and internationally, creating positive impact in the quality of care delivered through her leadership roles in numerous committees and organizations. In addition, as the former CEO of the College of Licensed Practical Nurses of Alberta, Linda worked with LPN educators to ensure access to dynamic, future-focused, and collaborative curriculum in the province.

## **Steven Peard, School of Community Studies**

Before attending Bow Valley College, I spent 10 years working in Alberta's arts and finance sectors. Having finished my Bachelor of Fine Arts – Dramatic Arts at the University of Lethbridge, I focused much of my work around theatre for young audiences and drama education.

One of the greatest gifts given to me by attending this program is the opportunity to learn from experienced professionals and engage with the greater community through guest speakers and extra-curricular certifications.

I have been fortunate to have the opportunity to continue my learning at the University of Calgary and I intend to follow it through to a Master of Social Work. I am passionate about men's mental health, and the relationship men have with grief and emotions. My long-term goal is to work as a clinical social worker and therapist.

## **Nargiza Moldostamova, Chiu School of Business**

I was born in the Kyrgyz Republic but raised in Kazakhstan. I graduated from the Kyrgyz-Russian Slavic University with a degree in property law, and I hold a diploma in accounting. I volunteered for the Red Cross Society and United Nations Development Program projects in Kazakhstan and Kyrgyzstan and worked for multiple not-for-profit organizations for several years before arriving in Canada. I first settled in Montreal, where I completed French for academic courses and obtained a receptionist certificate at the Verdun-LaSalle College of Computer Science and Administration. I moved to Calgary with my children in 2015 and worked in the retail sector.

Today, I am graduating from the Human Resources Certificate program, and I am a current student in the Business Administration diploma program. Having a child with special needs makes me think a lot about my son's future, and as a human resources specialist, I want to work in an organization and hold positions to be able to help people with disabilities find employment.

# Welcome to the Alumni Community

## **Brandi Rawson, Disability Studies, 2019**

Brandi Rawson didn't see herself going back to school. She attended Open House with her daughter and thought, 'hey, I can do this too.'

Brandi returned to school as a mature student, and was able to use her experience as a mother to a child with a learning disability to help in her own studies and mentor her classmates as well.

Brandi's in-demand skillset secured her employment as an educational aide to a student with developmental disabilities, putting her skills to use to help educate future students and build our community.

'I never saw myself going back to school but the College opened my eyes to what I love to do. Bow Valley College is a community, it's all about the relationships you build with other people', Brandi says.
